Friends of Faraday, we continue the great start !

Wow !!! Talk about fast workers !

The Friends of Faraday continue to grab the headlines as they launched their first real fund raiser this week – the Christmas Raffle. I'm most impressed that so many families have already written in for more books of tickets, thanks so much !

I look forward to the next meeting on Thursday next week.

After School Activities For Next Term

Please keep a look out for a letter in the book bags next week about after school clubs for next term. We'd really like to get them finalised before the holidays so that we can hit the ground running in January. If there are any clubs you'd like to see offered please let me know by email before then and I'll see if they can be added.

Library Time Again

We continued our good relations with the library on Canary Wharf this week with a visit to see them on Monday morning.

Thanks For The Books

At the first Friends of Faraday meeting we discussed a 'bookdrive' to collect books from home and work colleagues that are now going unread, thanks to Ella's daddy who brought in a big pile of great books this week.

"Travelling Light"

Finn's granddad has kicked off the next round of Lighthouse pictures when he sent one in this week from Oman , you can see the picture at the end of the newsletter – it looks nice and warm !

Meet The New Children

Please say 'hi' to Rahma who joined Ms Gimblett's class this week and her brother Musa who started in Reception !

Our numbers are very healthy in school at the moment and there continues to be lots of interest with tours nearly every day for families who want to find out more, remember to let Helen Cowen know if you have younger siblings you have yet to register, and don't forget we're hoping to open a Nursery for children aged 3+ from September !
