Newsletter No 2

Friday 2<sup>nd</sup> October 2009

Please note that the last digit of the day-time phone number has been altered, and the number given on the previous newsletter is now the fax line. All methods of communication are now set up and running smoothly.

It was delightful to see so many of you at the Trinity Buoy Wharf Open weekend. The salt dough city has now taken on a frosted appearance, and looks like a city on a frozen lake! Thank you Dorothea Schwenk for making vast quantities of dough which the children are still enjoying using.

Our 'playground in the clouds' was enthusiastically received when it was opened on the same morning which the daily Telegraph photographer visited us. The children had a taste of stardom as the photo shoots continued all morning around the wharf. Some discovered that maybe life as film stars might not be so glamorous, but you all would have been proud of the children's tolerance and behaviour on this protracted morning.

I will let you know of the date of the release of the article as soon as it is confirmed.

We were pleased to receive a visit from Dr Mounsey who shared with the children what happens on a visit to the doctor, and there has been much play with bandages, slings and syringes since. The children were also warned about not touching syringes should they see them lying on the ground.

Our library is now gaining a sense of order. After two visits from a professional librarian we can now navigate our way around our splendid collection. Please look out for non-fiction books on sport, music and art on your travels, as we could do with some more donations of books on these areas for our non-fiction area.

We now have Faraday book bags (£5), and PE bags (£4), for sale. We would recommend the purchase of these in order to keep the homework books separate from lunch items. From now onwards the children's PE kits will be kept in school and just returned for washing at half-term or when dirty! Please send monies for these in a named envelope, and the items will be named and given to the children. Thank you.

If there is any change in the normal collection and delivery of your child, please could you put this in writing so that there is no confusion. Young children can take delight in informing us that they are going to play with a certain friend after school, when it is in reality purely wishful thinking! Staff will not release your child to a stranger unless we have written permission to do so.

Thank you to Alex's family for sending in a huge bag of Dinosaurs, which the children borrowed for playtime yesterday. Great fun was had by all!

## Looking Ahead

We shall be having a "Healthy Bodies" focus event on Monday and Tuesday 12<sup>th</sup> & 13<sup>th</sup> October. On these two days Mr David Payne will be coming to lead the activities, and the children will be doing a considerable amount of sport. It might be prudent for them to wear comfy trainers to school on these two days instead of their normal school shoes.
